You can find your account history and statements here

How to make a payment:

1. In the Net Pay Advance portal, select the “Make payment” button

2. Select which type of payment you want to make. The top option is the minimum due on your current billing cycle. The bottom option allows you to specify the amount you'd like to pay toward your account balance

3. After submitting payment, you will receive confirmation for your records

Line of Credit Limit:

\$3000.00

Available Credit:

\$1700.00

Line of Credit Limit: The credit limit is the maximum amount you may borrow. The credit limit is established by us and is based upon your income and other underwriting criteria

Available Credit: As you repay the principle advance amounts, your available credit limit will be restored by a corresponding amount and will be available for future cash advances

Don't fall behind on payments, extend your due date!

In the event that you can't make your payment on time, please reach out to customer service or request a due date extension of up to 5 days in the Net Pay Advance portal.

Extending your due date will result in additional interest charges
